# DHAMMA EARTH

# Dhamma Earth Mission

To nurture a **Dhamma propagation ecosystem** that enables Dhamma growth and exploration for the alleviation, prevention and cessation of suffering, for the welfare and happiness of all beings

# Dhamma Propagation Ecosystem

A Dhamma community of diverse groups of people in shared environments that naturally generate Dhamma propagation synergy

Tusita Hermitage Kuching, Malaysia

# Dhamma Necessity

The **absolute need** For Dhamma, The Buddha's Teachings, still remains fundamental in our modern world to free beings from the bondage of suffering caused by greed, hatred and delusion. Through the guidance of **Venerable Pa-Auk Sayadaw** and his assistant teachers, the Noble path (the practice of virtue, concentration and wisdom) to full liberation remains open to all who wish to tread it and transcend all suffering.

# West Malaysia Project

WITH YOUR PARTICIPATION,

Tusita Saṅgha Council And The Lay Committee Of Malaysia  
Dhamma Society Wish To Take A Vital Step In Spreading  
The Dhamma In West Malaysia...

TO FOUND **DHAMMA EARTH**,  
AN **88-ACRE**  
DHAMMA PROPAGATION  
ECOSYSTEM

# Dhamma Mission Essentials

---

Pa-Auk Forest Monastery, Myanmar

1. Dedicated Persons Practicing Dhamma And Meditation As Outlined In The **Visuddhimagga** And Ultimately Attaining The Noble Paths And Fruitions.
  2. Saṅgha Leading Laity In A Synergetic Relationship
  3. Dhamma Earth's Ability To Provide Dhamma Sustenance To All People Including...
    - Every Age Group
    - Every Social Background
    - Every Stage In Life
    - Every Level Of Dhamma Understanding
- 

# ONE LOCATION

With 4  
Unique Regions

Near Tusita Hermitage Dhampus  
Nepal

Each **Mutually Beneficial** Region Offers A **Distinct Variety** Of Dhamma Learning, Meditation Practice, Social Action And Dhamma Community Development.

# Meditation Hermitage Region

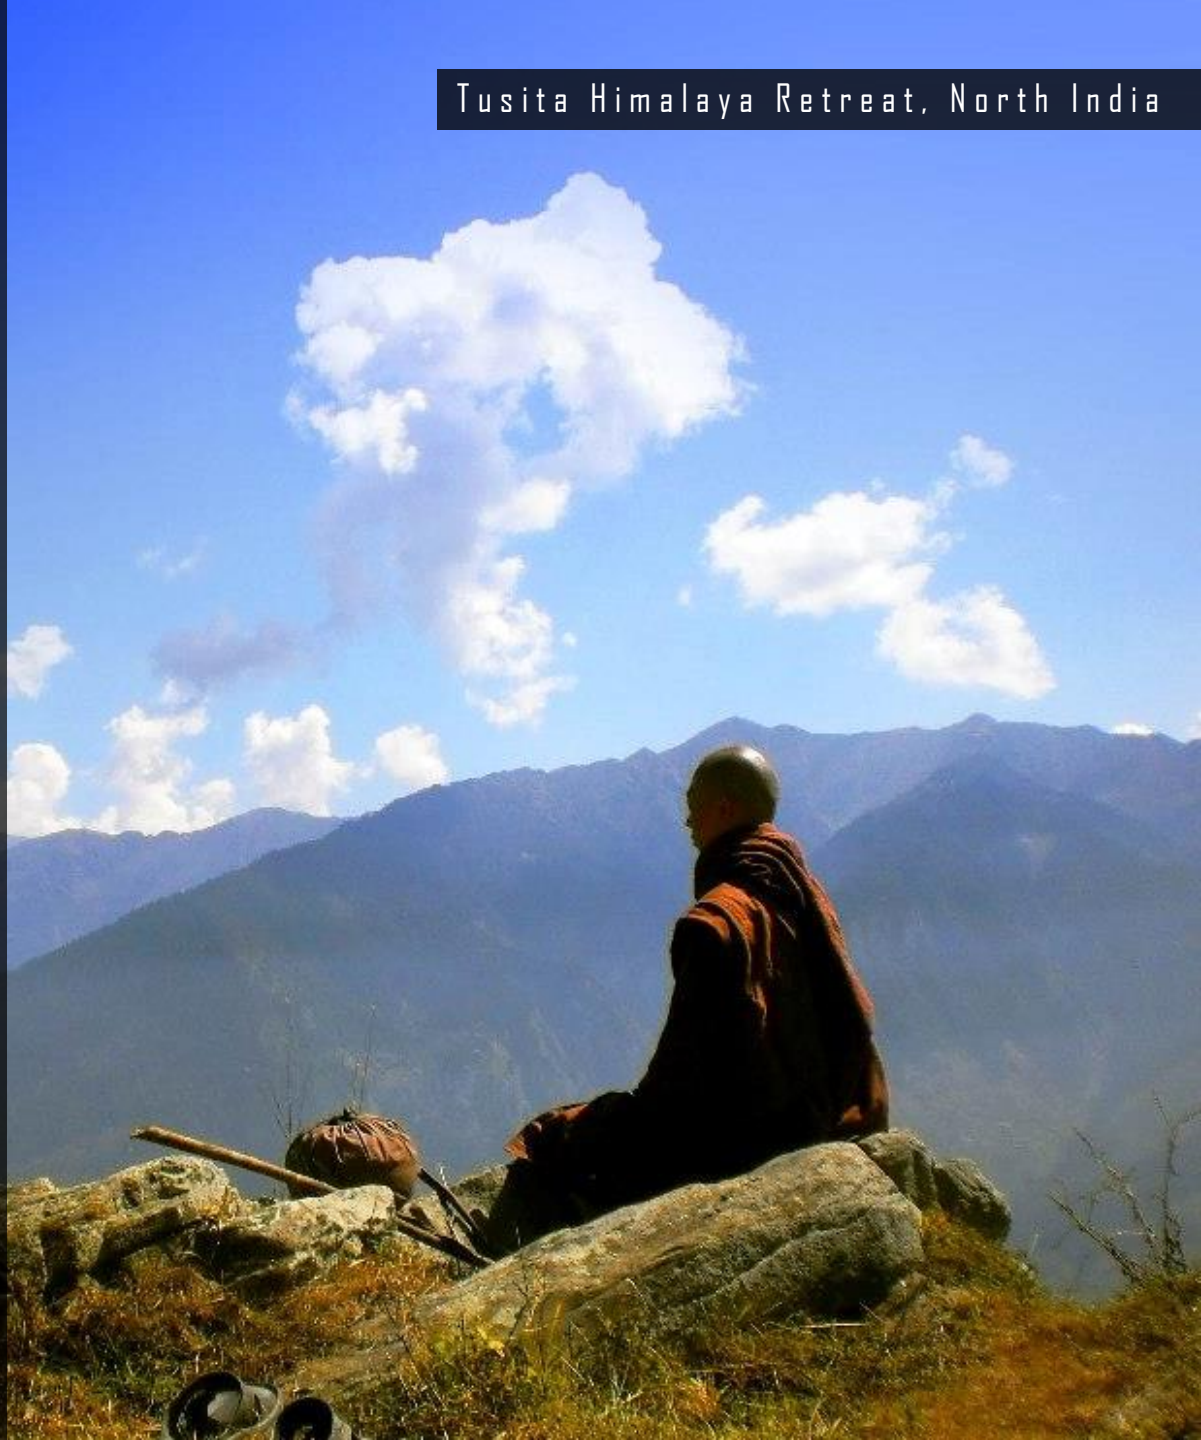

(30 acres)

---

The leading and most important component of Dhamma Earth, this region will provide ideal environments for long periods of intermediate and advanced meditation practice. Gender segregated areas will be available to both monastics and laity complete with meditation halls, residential quarters, refectories and other necessary facilities so meditators can continue practicing unhindered.

---

Tusita Himalaya Retreat, North India

# Dhamma Activities Region (15 acres)

This region with its environment and facilities will be capable of hosting multiple large groups and events. It will provide a **dynamic spectrum** of Dhamma programs and activities tailored to all ages and walks of life.

- ✓ UNIVERSITY DHAMMA CAMPS
- ✓ DHAMMA LEADERSHIP COURSES
- ✓ BEGINNER'S DHAMMA & MEDITATION RETREATS
- ✓ YOUTH DHAMMA CLASSES & CLUB EVENTS
- ✓ TEMPORARY NOVITIATES
- ✓ DHAMMA WORKSHOPS, SEMINARS & SOCIALS

# Social Welfare Region

(30 acres)

---

- Development Centre For The Elderly
- Orphans' Home
- Development Centre For The Physically Challenged
- Hospice Centre
- Day-care Centre For Infants And Children

This region gives monastics and laity of all ages opportunities to see the realities of suffering in life and a chance to help with love and empathy. Here, those in need can receive support, learn Dhamma, and have a place to call home.

---

## Health & Wellness Region (13 acres)

To supply the residents and students of Dhamma Earth with **safe healthy foods**, areas for organic farms and gardens will be cultivated. Here, residents and visitors can also avail themselves to exercise facilities and park areas to maintain good physical **health** and **fitness**.

## Progressive

One can enter Dhamma Earth at any level of Dhamma understanding and continuously grow in Dhamma qualities, meditation practice, service works and Dhamma community involvement.

## Cyclical

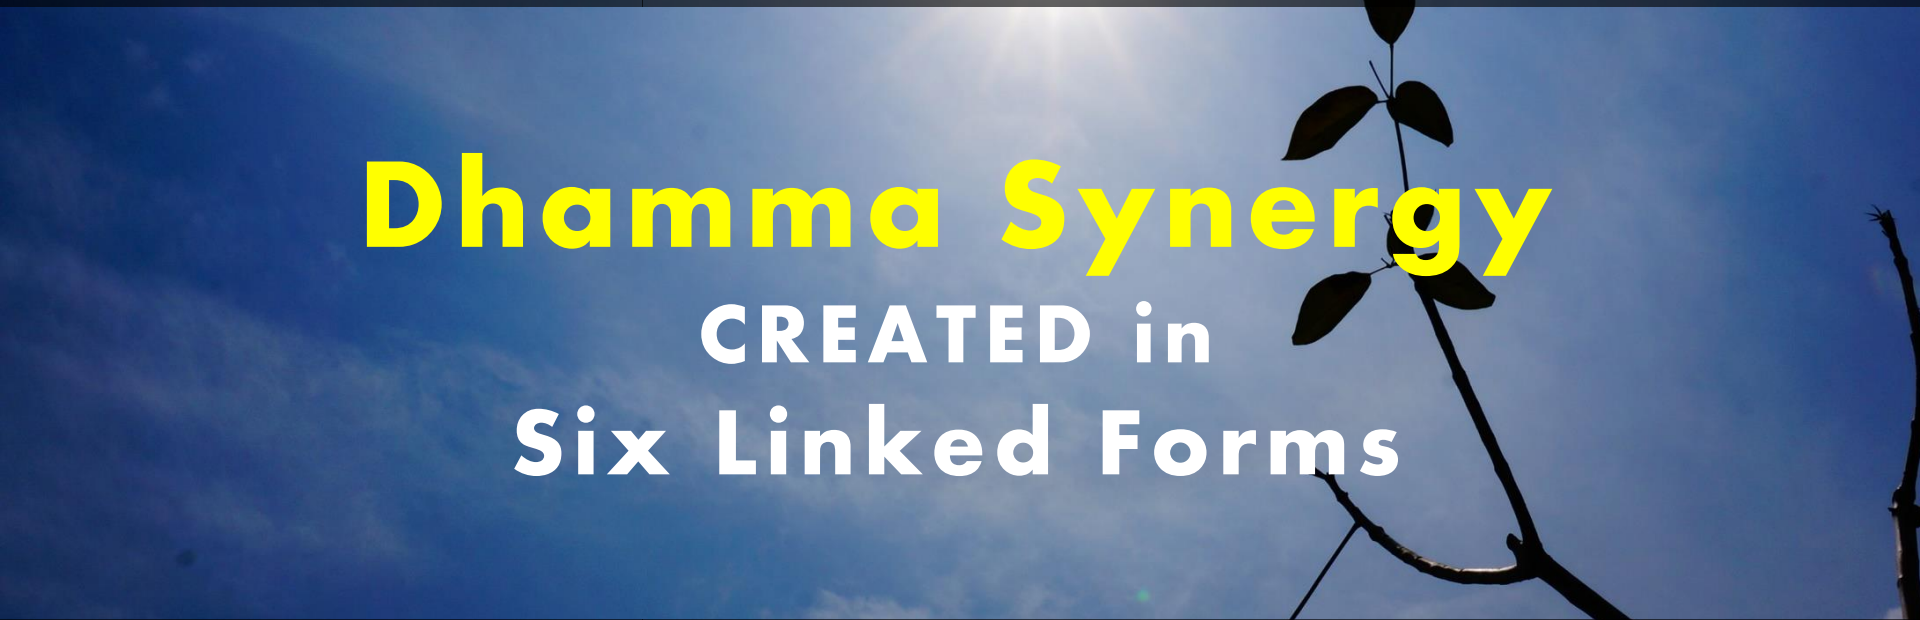

Dhamma Earth addresses the Dhamma needs during different stages of life from birth, youth, middle to old age. Teachings and support will also be there for people facing their last moments in life.

## Interconnecting

The ecosystem nature of Dhamma Earth allows diverse individuals and a variety of groups to easily connect with, learn from, and support each other.

# Dhamma Synergy

CREATED in  
Six Linked Forms

## Upward Spiralling

As a person progresses in Dhamma, naturally a sense of gratitude arises within. At every higher stage of growth, Dhamma practitioners will have more Dhamma to share with others.

## Open & Free

Open also to non-Buddhists, various Dhamma programs, social welfare projects and community events will allow newcomers to discover Dhamma. In this ecosystem, everyone has opportunities to explore!

## Natural Synergy

Dhamma propagation will become progressively easier as natural synergies take place; synergies derived from aggregate personal Dhamma practice, group learning and serving, and strong Dhamma community fellowship.

**ONE PLATFORM, ONE ECOSYSTEM**

**ONE TOTAL DHAMMA EXPERIENCE**

# GROUP ASPIRATION

AFTER OUR DAILY WHOLESOME ACTIONS OF BODY, SPEECH AND MIND...

We share all merits of giving, virtue and meditation with our Teachers, guardian devas, relatives, friends & all other beings!

By the power of these merits, may we fulfil all necessary conditions of this Noble Endeavour to establish Dhamma Earth, the first Dhamma Propagation Ecosystem, in West Malaysia!

May all supportive forces of humans and guardian beings come to accomplish this Mission to spread Dhamma far and wide, that The Buddha's Dispensation may last long, for the true welfare of all beings!

May these merits be a supporting condition for my realization of Nibbāna!

MAY ALL BEINGS BE WELL & HAPPY!
